C.

6. HOURS OF BROADCASTING

During which hours of the day is it intended to broadcast? (minimum 20 hours per week; it is not necessary to broadcast on consecutive days.)

7. NEWS

Is it planned to broadcast community news? YES/NO

If yes, elaborate on the proposed news services, regular content and broadcast times.

8. COMMUNITY SUPPORT [+]

List all the organizations, individuals, etc. who have lent support to and are recommending this application and attach a copy of the relative documentation, at least three letters $^{[\phi\phi]}$.

All prospective applicants for a community radio station should ensure that letters of support by community organisations should consist, not in letters of no objection, but in letters recommending to the Authority that the proposed community radio station should be approved by the Authority and that the said organisation gives its full support to the said station in view of its programme schedule. Preferably, the said organisation should consider participating actively in the station's programme output.

9. ADVERTISING OR OTHER REVENUE

What arrangements are envisaged to finance the proposed programme service through advertisements which relate to works, services or any form of activity connected with the community served by the station? [*]

Only the following advertising is allowed:

- (a) Work opportunities which exist in the licensed transmission area; (b) events which are to occur in the specified area;
- (c) Business carried out in the specified area; and services which are delivered in the specified area.
- [‡] This part of the form does not apply to applications for a one-off licence not exceeding one month.
